River of Earth (1940) by U.S. author James Still follows a young boy growing up in Kentucky over a course of three years during the Great Depression. The central question his family must ask themselves is do they wish to be independent yet struggling farmers, or do they want to gain more prosperous employment in a mining camp where they would have to report to all kinds of bosses.

## **River of Earth Summary | SuperSummary**

Description. First published in 1940, James Still's masterful novel has become a classic. It is the story, seen through the eyes of a boy, of three years in the life of his family and their kin. He sees his parents pulled between the meager farm with its sense of independence and the mining camp with its uncertain promise of material prosperity.

River of Earth is a novel, published in 1940, by the Appalachian author James Still.

## **River of Earth - Wikipedia**

Given domination of the Commonwealth's institutions by progressivist ideology, it's unsurprising how few Kentucky students and teachers are familiar with poet-novelist James Still and River of Earth (1940). After all, Still was of rural folk, and his novel uses the rich speech of mountaineers to depict bygone life

in eastern Kentucky hills. Hence neither could possibly interest today's commercialist, upwardly-mobile "educated" class, most of whom regard the career of Rick Pitino as ...

### **Still's "River of Earth" - Front Porch Republic**

James Still's book "RIVER OF EARTH" was first published in 1940, and yet its words are ageless. It speaks just as clearly to a reader's heart today as though the words just flowed from James Still's pen - just flowed from the mountains and mountain people.
